

JANUARY 2012 – ROCK GROUP INTERNATIONAL PRAYER NEWSLETTER

“...I trust in your unfailing love; my heart rejoices in your salvation. I will sing the LORD’s praise, for he has been good to me.” Psalm 13:5-6

WE TRUST OUR FATHER WILL GIVE YOU A FAITH-FILLED AND PROSPEROUS NEW YEAR.

Looking Ahead 2012...

The ministry is growing! We started January with a Leadership Training Course with 5 participants and two support groups: Freedom from Sexual Addiction for men, 7 members, and Freedom from Codependency for women, 3 members. This is our first women’s group. Our leaders, Lindsay, Kelly and Judi are very encouraged with the opportunity to reaching out to women with this RW support group.

Our continued affiliation with Chi Alpha University of Arizona is proving to be God ordained. The possibilities for future growth are quite exciting. Our outreach through them has already begun to affect many young people on campus. Brett Martin heads up this RW ministry outreach.

We continue to connect and create relationships with churches in the Tucson area. Our hope is to eventually reach out to the entire state of Arizona. At a national convention last year in Phoenix we discovered that Restoring Wholeness is the only ministry of its kind in Arizona. The ‘mission’ field is great...no matter what country you live in. We continue to intercede for every country we have worked in!

We are looking forward and have many dreams and visions for the New Year and feel so blessed to have you as a prayer partner or supporter.

Personal note...

It’s a wrap! 2011 has ended and we welcome 2012 with anticipation. The past year brought many challenges and we stand in awe at God’s amazing love and grace in our lives. We are so thankful for God’s provision in every detail of our lives.

It’s hard to put into words the many miraculous events we have experienced. Not every battle was won but we live by faith and know that we put our trust in the Lord and He truly has our best interest at heart.

In December we were able to travel to Southern California to visit both of our families. Wynn’s family was all together over the New Year’s weekend. This was a first for us as a couple - to share a holiday all together with the Thompson side of the family. Judi was able to visit with her family as well. Living in Tucson, she misses her sons and grandsons and her parents, who are quite elderly.

We were gifted a rental car to make the drive (as our faithful little car can’t make that long of a journey) as well as the fuel for the trip. We were also gifted a motel stay as well. What a blessing as it was not in the budget. Just another reminder of how God gives us the desire of our heart. We are truly grateful to those who provided the gift and very thankful for the Lord putting it on their heart.

We are thankful for good health with only a few setbacks during the year. Judi had surgery this summer and came through with very little pain and the recovery was quick. Wynn has been well until a recent acute asthma attack that resulted in calling 911 to actually save his life. He responded well and other than some fatigue and soreness from the episode is doing well. We continue to be extremely grateful to you who are faithful in your support in prayer and finances...God bless you!

With much love, *Wynn and Judi*

FAITHFUL SUPPORT...

We continue to praise our Father for you who support the ministry and/or Judi and I in prayer and finances.

A NEW Personal testimony The Evidence Blog:

I've battled most of my life with horrible memories of sexual abuse. I turned to homosexual relationships, cutting, drugs, co-dependency, eating disorders, and Daoism to help ease the pain of my past. Those things only acted like band aids that always fell off, leaving me hungry for more. I always knew the life I was living was wrong. It felt wrong. But I refused to believe in a God who would allow such horrible things to happen to me. But my walls didn't keep Jesus away. Jesus blew down the walls of my heart and pursued me. How awesome that God is a God who goes into our dark places and pulls us out. My heart began to yearn and desire for hope and a better life, something more than the pain I was living in. Jesus came into my life and changed me. I was transformed and given a new name. I am a new creation living a freedom filled life from my past chains of drugs and homosexuality. Was it hard? YES!!! But seeking Jesus and his freedom was worth it. Jesus is my savior. I am his beloved and he is mine. Praise God for all the wonderful transformation he has done and continues to do in my life.
